1 Dissemination activities in the project web-site

The project website of SAFARI (<http://www.ict-safari.eu/>) was successfully launched on 24/11/2014.

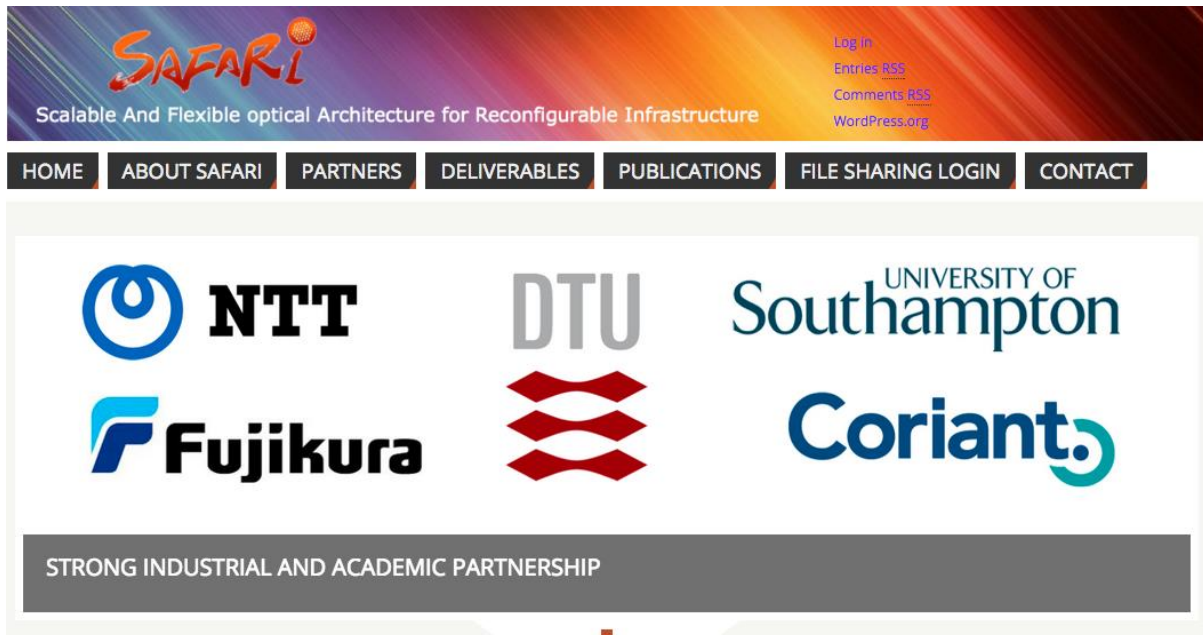

Figure 1-1: SAFARI project official web-site.

The logo of SAFARI is embedded on the top bar of the landing page and it is visible for all the other navigation pages, which are Home, About SAFARI, Partners, Deliverables, Publications, File sharing login and Contact.

1.1 News

The “News” section on the front page displays major SAFARI activities and accomplishments. It included information on some of the press releases.

NEWS

- 27/03/2015 The second SAFARI plenary meeting was held after OFC 2015 in Los Angeles, California, USA, coordinated by NTT.
- 26/03/2015 A low crosstalk (-40 dB over 100 km), 30-core fibre was presented as a regular paper (Th4C.4) at OFC 2015.
- 08/12/2014 A press release from University of Southampton on SAFARI can be found [here](#), same news is also available on [electronicsweekly](#).
- 26/11/2014 The kick-off SAFARI plenary meeting was held at multiple locations via tele/videoconference systems, coordinated by DTU and NTT.
- 24/11/2014 SAFARI website was launched.
- 20/10/2014 SAFARI project was mentioned in an article entitled “EU-Japan join forces for high-speed telecoms research”, read the details [here](#).
- 17/10/2014 An official press release of EU & Japan projects under Horizon 2020 is available now, read the details [here](#).
- 26/09/2014 A kick-off preparatory meeting of SAFARI was held in Munich, coordinated by Coriant.
